

LEAF SERIES CHARDONNAY RESERVE

We experienced a near perfect growing season with a cool, even start, with uninterrupted flowering and fruit set. A steady warm summer, with no major rain events or heat spikes, made for excellent ripening conditions.

Winemaking

Two parcels of fruit, one Dijon & the other Gingin clone, were harvested early morning over a two week period to achieve uniform ripening & maximum flavour accumulation. Fermented in new & 1 year old French oak and 100% malolactic conversion.

Tasting Notes

Lemon sherbert, nectarine and custard apple on the nose with toasty oak precede a palate of stone fruit and honey dew melon with a succulent mouth feel full of bright fresh flavours finishing with a burst of grapefruit that adds line and length.

- *Region: Margaret River*
- *Varietal(s): Chardonnay*
- *Alc / Vol: 13.9%*
