

Leaf Series 2022 Fume Blanc

Wise Eagle Bay is a family-owned boutique winery located at the northern end of the Margaret River wine region. Our philosophy in the vineyard starts with sustainable farming practices, nurturing the soil and the vines to produce fruit with distinct varietal characteristics. Our winemakers strive to complete the process that was begun in the vineyard by guiding and protecting the nuances of the fruit with great care and minimal intervention.

Region: Margaret River

100% Sauvignon Blanc

13% alc/vol

Optimal drinking: Now until 2028

Wine making

Select parcels of both Sauvignon Blanc are sourced from our vineyard in Karridale, south of the Margaret River township. The fruit is then processed and fermented in a selection of both new and used French oak. Maturation follows for 6 months with regular stirring of the lees before barrel selection, blending and bottling.

Tasting

Best enjoyed cool to ensure you experience the many layers and complexity of this fine wine. Your nose will be greeted with passion fruit, lemon curd and a touch of nuttiness. As a young wine it is fresh on the palate with citrus, tropical fruit and herbaceous characters leading to a subtle toasty finish.
