

Cricket Pitch White

2020

Sauvignon Blanc, Semillon

Tasting Notes

— Lovely pale yellow colour with green tints. Citrus pith and florals on the nose with a clear Sauvignon Blanc lift. Initial flavours of citrus and melon, light cool palate at 11.5% alcohol. Grapefruit, finger lime and a zesty acidity adds to the structure. A perfect summer drink paired with a wide range of food.

Winemakers Comments

We're quite proud to introduce this wine, the 31st vintage of the blend. The label didn't get the full Cricket Pitch livery until the 1995 vintage, although the Cabernet Sauvignon/Merlot was labelled as Cricket Pitch for the 1991 wine released in 1993.

This wine is a blend of 81% Sauvignon Blanc and 19% Semillon. Due to the impact of the bushfires, several regions make up this blend being Riverina 53%, Orange 25%, Margaret River 12% and Hunter Valley 10%.

This wine also highlights our desire for lower alcohol and weighs in at 11.5% and with plenty of zesty fruit lift.

Vinification

As the wine is from New South Wales, we are fortunate enough to be able to process most of the grapes here in the Hunter Valley, enabling an extra level of winemaker attention. This ensures the delicate grape aromas are preserved. Fermentation in 100% stainless steel tanks.

Food

A perfect Summer drink to pair with a wide range of foods. Enjoy with a dozen freshly shucked oysters and a whole baked barramundi for lunch, or a spicy Asian laksa for dinner.

Drink

An easy drinking wine to chill and enjoy this summer.

VARIETY

Sauvignon Blanc, Semillon

REGION

New South Wales
