

## **LEAF SERIES RIESLING**

### ***vintage***

*Conditions allowed for all varieties to fully ripen with little disease pressure across the board. Grapes were therefore picked at optimum conditions showing full flavours with ripe seeds and tannins. A strong vintage across whites and reds from all regions in Western Australia*

### ***.winemaking***

*Select parcels of Frankland River Riesling have been fermented cool and slow in stainless steel to retain the purity of the aromatics.*

### ***tasting comments***

*lime, lemon zest, and spice aromas with a finely textured and tightly structured palate, finishing with delicate and long acidity.*

*Region: Great Southern*

*Varietal(s): Riesling*

*Alc / Vol 12.5%*
